“You have to accept that sometimes that’s how things happen in this world. People’s opinions, their feelings, they go one way, then the other. It just so happens you grew up at a certain point in this process.”

_Never Let Me Go, 2012 Summer Reading_

**Nothing Artificial About It!**

Knox Stadium has been taking on a new look this summer with the installation of synthetic turf on the field. The soon-to-be-dedicated David K. Goodman ’74 Field, complete with an artificial surface allowing for year-round usage, will serve well to welcome the Class of 2016. We had the opportunity to meet most of these 427 new students during the June orientations and we are proud to report that there is nothing artificial about this entering class. They are the real deal and well-qualified for inclusion in the Juniata community.

With a new field, a new entering class and a few subtle changes around campus that you will notice when you return, we are anxiously anticipating the start of the academic year (we actually miss you when you are gone). To help you prepare to return, please take a few moments to review the announcements and updates in this Summer Newsletter. If you have any questions or concerns and/or if there is anything we can do to be of assistance, please do not hesitate to contact us. We’re looking forward to seeing you around campus!

Cheers,

Kris, Dan, and Betty

Class Schedule

To view your Fall 2012 class schedule, follow these instructions:

• Go to the Arch (the link is on the bottom of the Juniata homepage).
• From there, click on the Students tab, and then from the drop-down menu choose Student Academic Profile; from that connect to WebAdvisor using your EagleNet username and password.
• On the first WebAdvisor screen you will have a number of options including My Class Schedule.
• Click on My Class Schedule, select Fall 2012, and you will see all enrolled classes, times, locations, and any waitlisted classes.

NOTE: We have had to do some rearranging and have endeavored to get people off waitlists. Consider the schedule you find on the Arch on August 22 as your absolutely positively final fall schedule. Between now and then, more changes may yet be made to your schedule, so check it once in a while and go with the one that appears the day before the semester starts.

Post Office

The Campus Post Office will be open for the distribution of mailbox keys on Saturday, August 18, from 10 a.m. to 1 p.m. We will also be open extra hours on Wednesday, August 22, from 9 a.m. to 5 p.m.

Brand New Mailboxes!
When you return to campus you will see that all students now have a new mailbox. Old keys will not work and, most likely, your mailbox number has changed. You will need to update your mailing address with the new mailbox number. You will also need your old key to receive your new mailbox key or be charged a fee of $5 for your new key. If you had a mailbox that had the letter A at the end… your key will open your mailbox and there will be no change for you. Questions or concerns, please contact us at ext. 3370 or e-mail hughesl@juniata.edu.

Office of Academic Support

Orientation: All Things New
Preparing for, and pulling off, the June orientations is a Herculean task. This June, all members of the Academic Support staff were new, but one (the old woman!). All that newness was the source of some stress and uncertainty, but it also allowed us to look afresh at how things are done in June and to propose new processes and procedures. It’s a big class of new students and the four orientations in June went off swimmingly even with all those rookies. Now we are turning our attention to the fifth and final new-student orientation (attended by some remaining first-years, transfers, internationals, and exchange students). After that, the 2012 – 2013 academic year begins. Poof! The summer is over.

Almost 400 new students were oriented in June. Their fall registrations were entered, they got to know some faculty and staff members, and they met each other. It is all good. Being new is exciting and stressful and motivating.

We could not have made it happen without the help and support of countless people. It is a great privilege to work with such a collegial group, and we are grateful. Sixty different academic advisors served at the June orientations (even though this year’s June dates were even earlier than last year). Academic Support partners with the Dean of Students Office on new-student orientation, but we also want to acknowledge the Registrar’s Office, Conferences & Events, Sodexo and the food service staff, technology staff and I.A. instructors, and many others besides (apologies if I overlooked anyone). Our summer orientation leaders were an outstanding group; we appreciate them and the good energy they bring to our new students and their families: Amy Ankney, Matt Guetzlaff, Zach Lemon, Daniel McClung, Kitty Myers, Kelsey Molseed, Thanh Nguyen, Michelle Roy, Luke Thompson, L.J. Thorson, Amanda Waller, Melissa Zilch.

Our goals for new-student orientation are to get our students off to a strong, and smooth, start (1) and to generate excitement for the start of their Juniata experience (2). Most reports are positive, but we welcome any and all feedback from those who attended a June orientation. We very much enjoyed meeting all of you last month and look forward to seeing you all again in August. Enjoy the rest of the summer.

Peace,
Sarah May Clarkson / Academic Support

Class Schedules: Dropping, Adding
Just a reminder that the first seven class days is a period of drop/add for all students, and will run from Thursday, August 23, to end-of-day Friday, August 31. Changes can be made to class schedules during this period without it being reflected on the final transcript.

Drop/add is a paper-and-pencil process, and students need the signature of their advisor(s) on the drop/add form. It is understandable and expected that some students will want, or need, to change their schedules, but we do hope that a thoughtful conversation with advisors will precede any decision to drop or add.

After August 31, a student can (usually) withdraw from a class, with instructor and advisor permission, but it will be reflected on the final transcript as WP (withdrawn passing) or WF (withdrawn failing) and, of course, no credits will be earned.

Word Clouds from the June Orientations
At each of the June orientations, word clouds were created from student input at the afternoon sessions on the first day. We want to kindly acknowledge the creativity of Wordle and encourage any of you to give it a try yourself. As a snapshot of student orientation thoughts and contributions, these word clouds provide a remarkable visual representation.

Shown below is the word cloud created from June orientation 3. Courtesy of Wordle.net.

You’ve Got Mail!
Just a friendly reminder that we hope students will check their Juniata e-mail accounts over the summer. If there are any questions or quandaries about your schedule, your financial aid, your housing or other matters, we are likely to try your Juniata e-mail account first. So check it early and often, and respond promptly if you have e-mail from any college office or personnel.

Sometimes students forget or misplace the username and/or passwords that were established at June orientation. Please let us know if so, and we’ll help you recover it/reset it. There is a lot of important information that will come to you ONLY by e-mail, so you’ll need access to it all summer long.

Please continue to be conscientious about checking your Juniata e-mail throughout the academic year and respond promptly to any e-mail from a College office. When such e-mail is ignored or left unanswered, a situation can become unnecessarily complicated (and stressful). So when you have e-mail, please respond to it in a timely manner.

The Magic Number: 24
We want to be sure that students and families know that when it comes to credits earned over an academic year, there is a magic number, and it’s 24. The College expects each of its students to show 24 credits earned (different from credits attempted) over the course of a calendar year (August to August). A varsity athlete needs to carry a minimum of 12 active credits to participate by NCAA regulations; the College and its office of student financial planning looks for students to make reasonable progress toward the degree by earning a minimum of 24 credits in a calendar year; and a student's class standing depends on his or her earning 24 credits, at least, per year.

Bear in mind, though, that if a student only earns 24 credits a year for each enrolled year, that means he or she will be in college for five years total. Juniata requires 120 credits for graduation. So keep the number 24 in mind. It’s important.

Advising + Advisee + Advisors = Advising Success
Juniata has many things that are a source of pride. Our program of academic advising is one particular bright spot. Speak to high-achieving students and recent grads with impressive credentials, and you will find hard work and strong advising relationships during their Juniata careers. Thus, two things:

1) We strongly encourage new students to invest in academic advising at Juniata, right from the start; spend the time, make the effort to know your advisors, and you will reap benefits you cannot even imagine.

2) Please be timely and responsive with your advisors; choose your own second/general advisor (the deadline for that is early in the spring 2013 semester, but you can certainly choose one sooner) and be sure you get the signatures and advisor approvals you need well before deadlines approach. That means paying attention to the academic calendar and getting things done within the reasonable timeframes set out for students.

By the end of your fourth semester, you should be able to identify at least two people who would write you sterling letters of recommendation; if an advisor isn’t one of those people, then you know you should be working harder on getting to know your advisor(s).

Many thanks.

**Campus Technology**

**Network Registration System**

Students will need to re-register their computers when returning to campus. When you arrive, just plug in to the network, open your browser window (Internet Explorer, Firefox, Safari, etc.) and follow the instructions. If your computer is up-to-date and has a proper anti-virus package, with updated signatures, the process should be fairly brief.

To scan your computer before returning to campus to see if it will pass registration, please visit: [jccm2.juniata.edu/authentication/remotescan.html](http://jccm2.juniata.edu/authentication/remotescan.html)  
(You will still need to register once on campus.)

---

**Things to Remember**

Make sure you have an anti-virus package installed.

- For PCs, go to [windowsupdate.microsoft.com](http://windowsupdate.microsoft.com)
- For Macs, go to [apple.com/support/downloads](http://apple.com/support/downloads)
- If you already have an anti-virus package installed, check for the latest updates before you arrive.

Juniata supports ‘business-class’ versions of Microsoft operating systems, such as Windows 7 Professional, Windows XP Pro, Vista Business, Enterprise, or Ultimate. The following operating systems are not permitted on Juniata’s network and **will NOT pass the registration process** due to Microsoft’s lack of support for security updates: *Windows 95, 98, ME, NT, 2000*

Bring all system CDs and resources that came with your computer in the event that you might need them to either supplement or restore system files.

Public Safety

Juniata's Office of Public Safety provides the following information to help ensure your safety upon returning to campus.

JC Alerts: Students are encouraged to sign up for JC Alerts, Juniata's rapid communication system regarding emergencies and campus closings. Register your phone number and e-mail address to receive text message and e-mail alerts. Register at the following address (also available through the Public Safety website):

entry.inspironlogistics.com/juniata/wens.cfm?ep_id=student

Vehicle Registration: All students with vehicles should register the vehicle with the Office of Public Safety, regardless of whether you’ll be living on or off campus. Unregistered vehicles in campus parking lots may be ticketed. More information about vehicle registration and parking on campus can be found here:

www.juniata.edu/services/security/parking.html

Community Oriented Policing: The Department of Public Safety prides itself on being community oriented. Our officers are intentional in establishing relationships with the campus community and welcome each opportunity. Public Safety provides a campus escort service, will jump start your car, help you retrieve your keys, and welcome each opportunity. Public Safety provides a campus intentional in establishing relationships with the campus community.

Violence Free Zone: Public Safety proudly supports the Violence Free initiative. If you have witnessed or are the victim of an assault or misconduct please call the Public Safety Office at 814-641-3636. Victims or witnesses can receive support in confidence from the officers and staff regardless of intentions of filing a formal complaint. More information, support, and resources can be found on the Public Safety website and the information table outside the Public Safety Office.

Crosswalk Safety: Students are reminded to be careful while crossing streets within and around campus. Cross streets only at marked crosswalk areas, and never text message or read text messages while crossing.

There are myths and realities regarding crosswalk safety.

Myth: Pedestrians always have the right way.
Reality: No, not always. Legally, pedestrians have the right of way within a crosswalk, but pedestrians are expected to exercise “due care” for their own safety, and are not permitted to suddenly obstruct the path of a moving vehicle that is close enough to be a hazard.

Myth: You are safe in a crosswalk.
Reality: Painted lines do not protect you from harm, even if you have the legal right of way. This is particularly important at crosswalks where there is no traffic signal or stop sign.

Residential Life

Move-In Days for 2012
Students who are part of an approved group or organization will be granted permission to return early. The sponsor/advisor of the group and coaches of fall sports will work with the Office of Residential Life to establish approved return dates.

All other students should plan to return to campus on the designated return dates. Exceptions will only be granted for extreme situations. **Start now to plan accordingly.** If students show up unexpectedly and without permission, they will NOT be given keys early and will NOT be permitted in residence halls until approved times.

The following are NOT legitimate reasons to return early:
- “My roommate is already back.”
- “My parents cannot take off work.”
- “I want to return early to get moved in and settled.”

**Plan ahead for move-in day.** Residential Life staff will not issue room keys to returning students until Wednesday, August 22, after 9 a.m.

Meal plans/DCBs will start on the evening of Wednesday, August 22, for returning students.

Mark this down, keep this message, make plans now, and plan ahead for move-in day.

Just a reminder that **ALL APPLIANCES MUST BE ENERGY STAR RATED THIS YEAR. NON ENERGY STAR RATED APPLIANCES ARE NOT PERMITTED IN RESIDENCE HALLS.** ENERGY STAR is a joint program of the U.S. Environmental Protection Agency and the U.S. Department of Energy helping us all save money and protect the environment through energy-efficient products and practices. Americans, with the help of ENERGY STAR, saved enough energy in 2010 alone to avoid greenhouse gas emissions equivalent to those from 33 million cars—all while saving nearly $18 billion on their utility bills. At Juniata College, we are always looking for ways to decrease our carbon footprint, save money, and decrease our use of electricity. A variety of products can be found on Energy Star’s website, energystar.gov, from computers to refrigerators, microwaves to light bulbs.

**Summer Reading Book**

*Never Let Me Go*

The imagination is an incredible thing. In his 2006 novel that was a finalist for England's Man Booker Prize, Kazuo Ishiguro imagines a society that is both plausible and frightening (but not in the way you think). In *Never Let Me Go*, three good friends—Kathy, Ruth, and Tommy—attend elementary and secondary school together in the English countryside, then grow up and grow apart. Ishiguro tells the story of how they come back together and how they see their roles in a world that accommodated them, but to meet the needs of others. It is an imaginary society, some have described it as a dystopian novel, but it raises important and challenging questions about genomics, ethics, health and healthcare, and who has—or gets—priority.

Juniata has just recently won a prestigious Howard Hughes Medical Institute grant. The grant will “implement and integrate a Genomics Leadership Initiative into the College’s curriculum”... combining “instruction in science and the humanities to teach students to integrate ideas across disciplines.” The choice of *Never Let Me Go* as our summer reading in May is a happy complement to the Hughes grant. Plans are already under way for discussion groups concerning the book and the important issues it raises for all of us—students, faculty, staff, and members of a modern and advanced society and economy.
Bookstore
Save an average of 50 percent with Rent-A-Text

The Juniata Bookstore knows that going to college costs more now than ever before...and books are big-ticket items. To help ease the burden, we now offer you the ability to rent your textbooks.

How does Rent-A-Text work?
• It's convenient: shop in-store and online.
• It's flexible: pay with cash, credit, check, or your JC Gold card. You decide.
• Unlike other rental programs, you can convert your textbook rental into a purchase at any time during the rental period.
• If you drop a class, you can return your book at the bookstore, during the return period, for a refund.
• You can highlight and write in the book. Normal wear and tear is accepted!

Get more information about Rent-A-Text. Stop by the bookstore or visit us at www.juniata.bkstr.com.

Photo Contest
Juniata’s student photo contest invites Juniata students to submit shots based on a topic that changes each semester (summer, fall, spring)—with the only caveat that it's an open forum and anyone can have a look. The topics, such as internships, athletic events, traditions, etc., will be selected by Juniata staff and posted on the College website. Twice a semester, a winner is picked and is also displayed on the College website. At the end of the spring semester, a winner for the year is chosen. The prize? We buy the books for the winner's classes the next semester (or a gift card, if the winner is a graduating senior).
