Performance Drug List

The CVS Caremark Performance Drug List is a guide within select therapeutic categories for clients, plan members and health care providers. Generics should be considered the first line of prescribing. If there is no generic available, there may be more than one brand-name medicine to treat a condition. These preferred brand-name medicines are listed to help identify products that are clinically appropriate and cost-effective. Generics listed in therapeutic categories are for representational purposes only. This is not an all-inclusive list. This list represents brand products in CAPS and generic products in lowercase italics.

PLAN MEMBER
Your benefit plan provides you with a prescription benefit program administered by CVS Caremark. Ask your doctor to consider prescribing, when medically appropriate, a preferred medicine from this list. Take this list along when you or a covered family member sees a doctor.

Please note:

- Your specific prescription benefit plan design may not cover certain categories, regardless of their appearance in this document.
- For specific information regarding your prescription benefit coverage and copay information, please visit www.caremark.com or contact a CVS Caremark Customer Care representative.
- CVS Caremark may contact your doctor after receiving your prescription to request consideration of a drug list product or generic equivalent. This may result in your doctor prescribing, when medically appropriate, a different brand-name product or generic equivalent in place of your original prescription.
- Any brand drug for which a generic product becomes available may be designated as a non-preferred product.

HEALTH CARE PROVIDER
Your patient is covered under a prescription benefit plan administered by CVS Caremark. As a way to help manage health care costs, authorize generic substitution whenever possible. If you believe a brand-name product is necessary, consider prescribing a brand name on this list.

Please note:

- Generics should be considered the first line of prescribing.
- This drug list represents a summary of prescription coverage. It is not inclusive and does not guarantee coverage.
- The member’s prescription benefit plan may have a different copay for specific products on the list.
- Unless specifically indicated, drug list products will include all dosage forms.
- Log in to www.caremark.com to check coverage and copay information for a specific medicine.

# ANALGESICS

## VISCOSUPPLEMENTS
SYNVISC
SYNVISC-ONE

## ANTI-INFECTIVES

### ANTIBACTERIALS
- CEPHALOSPORINS
  - cefaclor
  - cefdinir
  - cefpodoxime proctovalent
  - cefuroxime

### § ERYTHROMYCINS / MACROLIDES
- azithromycin
- clarithromycin
- clarithromycin ext-rel
- erythromycin

### § FLUOROQUINOLONES
- ciprofloxacin ext-rel
- ciprofloxacin tablet
- levofloxacina
- AVELOX
- CIPRO SUSPENSION

### § PENICILLINS
- amoxicillin
- amoxicillin-clavulanate
- dicloxacillin
- penicillin VK

### § TETRACYCLINES
- doxycycline
- minocycline
- tetracycline

### § ANTIFUNGALS
- fluconazole
- itraconazole
- terbinafine tablet

### ANTIVIRALS
- § HERPES AGENTS
  - acyclovir
  - valacyclovir

### § INFLUENZA AGENTS
- amantadine
- rimantadine
- RELENZA

### § TAMIFLU

### § MISCELLANEOUS
- clindamycin
- metronidazole
- nitrofurantoin
- sulfamethoxazole-trimethoprim

### § ANGIOGENS II RECEPTOR ANTAGONISTS / DIURETIC COMBINATIONS
- losartan / losartan-hydrochlorothiazide
- BENICAR / BENICAR HCT
- DIOVAN / DIOVAN HCT
- MICARDIS / MICARDIS HCT

### § ANGIOGENS II RECEPTOR ANTAGONIST / DIRECT RENIN INHIBITOR COMBINATIONS
- VALTURNA

### § ACE INHIBITORS
- fosinopril
- lisinopril
- quinapril
- ramipril

### § ACE INHIBITOR / DIURETIC COMBINATIONS
- fosinopril-hydrochlorothiazide
- lisinopril-hydrochlorothiazide
- quinapril-hydrochlorothiazide

### § ANGIOTENSIN II INHIBITORS
- FRAXIPRIN
- MAROXAL

### § BETA-BLOCKERS
- atenolol
- carvedilol
- metoprolol

### § FIBRATES
- fenofibrate
- TRICOR
- TRILIPIX

### § HMG-CoA REDUCTASE INHIBITORS
- pravastatin
- simvastatin
- CREOST
- LIPTOR

### § NIAINS / COMBINATIONS
- NIASPAN
- SIMCOR

### § BILIC ACID RESINS
- colestestramine
- WELCHOL

### CHOLESTEROL ABSORPTION INHIBITORS
- ZETIA

### § COREG CR
- § FIBRATES
- fenofibrate
- TRICOR
- TRILIPIX

### § HMG-CoA REDUCTASE INHIBITORS
- pravastatin
- simvastatin
- CREOST
- LIPTOR

### § NIAINS / COMBINATIONS
- NIASPAN
- SIMCOR

### § BETA-BLOCKERS
- atenolol
- carvedilol
- metoprolol
- metoprolol succinate ext-rel
- nadolol
- propranolol
- BYSTOLIC
- COREG CR

**FOR YOUR INFORMATION:** Generics should be considered the first line of prescribing. This drug list represents a summary of prescription coverage. It is not inclusive and does not guarantee coverage. Any brand drug for which a generic product becomes available may be designated as a non-preferred product. Specific prescription benefit plan design may not cover certain categories, regardless of their appearance in this document. The member’s prescription benefit plan may have a different copay for specific products on the list. Unless specifically indicated, drug list products will include all dosage forms. This list represents brand products in CAPS and generic products in lowercase italics. Generics listed in therapeutic categories are for representational purposes only. This is not an all-inclusive list. Listed products may be available generically in certain strengths or dosage forms. Dosage forms on this list will be consistent with the category and use where listed. Log in to www.caremark.com to check coverage and copay information for a specific medicine.

* The preferred alternative products in this list are a broad representation within therapeutic categories of available treatment options and do not necessarily represent clinical equivalency.

§ Generics are available in this class and should be considered the first line of prescribing.
1 Copayment, copay or coinsurance means the amount a member is required to pay for a prescription in accordance with a Plan, which may be a deductible, a percentage of the prescription price, a fixed amount or other charge, with the balance, if any, paid by a Plan.
2 Indicates the proposed mechanism of action, based on the American Psychiatric Association Summary of Treatment Recommendations.
3 An Accu-Chek or OneTouch blood glucose meter will be provided at no charge by the manufacturer to those individuals currently using a meter other than Accu-Chek or OneTouch. For more information on how to obtain a blood glucose meter, call toll-free: 1-800-588-4456. Members must have CVS Caremark Mail Service Pharmacy benefits to qualify.

Your privacy is important to us. Our employees are trained regarding the appropriate way to handle your private health information. CVS Caremark may receive rebates, discounts and service fees from pharmaceutical manufacturers for certain listed products. This document contains references to brand-name prescription drugs that are trademarks or registered trademarks of pharmaceutical manufacturers not affiliated with CVS Caremark. Listed products are for informational purposes only and are not intended to replace the clinical judgment of the prescriber.
