### JUNIATA COLLEGE QUICK FACTS
#### 2010-11

**DESCRIPTIVE PARAGRAPH**
Founded in 1876, Juniata is an independent, co-educational college of liberal arts and sciences. Located in the scenic mountains of central Pennsylvania, the beautiful 110-acre main campus is supplemented by the 315-acre Baker-Henry Nature Preserve and Baker Peace Chapel. In addition, a 365-acre Environmental Studies Field Station on nearby Raystown Lake provides one of the most distinctive opportunities in environmental science in the nation.

The College has a strong reputation for excellent academics, personal attention, and state-of-the-art technological resources. Juniata students enjoy small classes, a challenging, flexible curriculum, collaborative student-faculty relationships, countless chances to learn by doing, and a lively campus offering lots to do and great new friends.

- Only college in the nation to be included in all of the following: 82nd in the nation in Forbes.com rankings; US News & World Report 81st in the Top 100 Liberal Arts Colleges in the US; 77th in Washington Monthly Rankings; 2010 Princeton Review’s Best 371 Colleges; Loren Pope’s Colleges That Change People’s Lives; Fiske Guide to Colleges; 2010 Kaplan’s Insider’s Guide to the 320 Most Interesting Colleges; Peterson’s Competitive Colleges; Miriam Weinstein’s Making A Difference College Guide: Outstanding Colleges to Help You Make a Better World; Barron’s Best Buys in College Education; Leland Miles’ Provoking Thought: What Colleges Should Do for Students; notes as an “overlooked gem” in David Marcus’s Acceptance; ELLEgirl Magazine: Top 50 colleges that Dare to be Different; Cosmo girl! Magazine: 100 Best Colleges; Rugg’s Recommendations on the Colleges; Washington Monthly’s Top 60 Liberal Arts Colleges; and Don Asher’s Cool Colleges.

- 1 of 13 National Liberal Arts colleges that are the “best performing” according to study conducted by Teagle Foundation in 2004, singling out colleges that achieve exceptional results in educating students. Juniata is an “overachieving college” based on an “exceptionally high graduation rate, has a high percentage of students who go to earn doctoral degrees and achieves those numbers through efficient use of resources.”

- In a 2001 study of the 137 most productive undergraduate science programs Juniata was rated 4th best in the number of science degrees granted as a percentage of the total degrees granted. Juniata also was among at best in producing graduates who ultimately received a Ph.D. in science. Source Academic Excellence - a study of the role of research in the natural sciences a undergraduate institutions.

- Among 518 highly selective baccalaureate institutions, ranked in the top 6% in the number of biology graduates and top 2% of physical sciences graduates who have earned the Ph.D.

- Over the last 5 years, 84% of JC students applying to professional health schools and 100% of students applying to allied health schools were accepted; 100% applying to law school were accepted last three years.

- 3 graduate schools (Purdue, Carnegie-Mellon, Virginia) accept any Juniata student with a 3.3 average into their chemistry Ph.D. program. Since 1987, all of Juniata’s chemistry students wanting to go to graduate school received an offer.
Juniata consistently produces Fulbright scholars, Goldwater scholars, All-USA College Academic Team scholars, and St. Andrew's Society scholarship winners.

Named to the 2008 President's Higher Education Community Service Honor Roll by the Corporation for National and Community Service.

Made the Chronicle of Higher Education Honor Roll as a great place to work.
Among 285 institutions nationwide, Juniata ranked ninth in Campus Safety (Reader's Digest, February 2008).
