TEAM CAMP

The Juniata College Team Camp will provide your team the opportunity to get off to an explosive start to the season. As coaches we understand that not all teams want to work on the same concepts, therefore our camp instructors are focused on working on the needs of your team, tailoring drills to your style of play. We run three sessions each day with mornings being used for individual skill building; afternoons for team concepts and style of play, and intercamp scrimmages in the evening.

Our camp philosophy is that the game is the best teacher and each team will be guaranteed a nightly game against other high school teams.
